Pathways to Manhood empowers boys to  
navigate teenage pressures and grow into  
inspiring young men.

Since 2002 we have supported boys to  
find their voices and step into adult roles  
in their families and communities.

The camp weaves a fathers' programme  
with the boys' experience, building  
understanding and deepening  
relationships.

A parallel programme supports mothers  
to meet their son anew as they transition  
home and beyond into adulthood.

## PATHWAYS TO MANHOOD

Cost for father or mentor and son is \$1,495.00.  
If the money is a problem, please contact us  
and we can talk about a plan. Transport can  
also be arranged.
